

Our farm is on the left, 0.95km from the Wy-Yung - Calulu Road end of **Boggy Creek Road**.

Driving from Melbourne, take the Lindenow-Glenaladale Rd turn off the Princes Highway. Continue past the small community of Lindenow South and cross the main road. Continue along the agricultural Lindenow Flats and cross the Wuk Wuk Bridge. Turn right onto the Wy-Yung - Calulu Road (though the road sign says Calulu Rd). After many ups and downs and windings (a bit more than 5 kms), turn left onto Boggy Creek Road. Our place is 0.95km along on the left, JUST past the crest of the hill.

Driving from Sydney turn right before Bairnsdale at the roundabout onto Eastwood Road until you reach the T-intersection at Bullumwaal Road where you turn right. Then take the left turn onto the Wy-Yung - Calulu Road. Continue down across Boggy Creek, then the road climbs up and down various hills and dales. After the sharp 40km advisory speed turn right and left, Boggy Creek Road is about 1km on your right. Our place is 0.95km along on the left, JUST past the crest of the hill.

Driving from Bairnsdale, from the Shopping precinct head approximately north until you end up on Riverine St (turning left to head north west - at times there is a colony of grey headed flying foxes that roost in the trees on the Mitchell River side of Riverine St). Stay on this road as it sweeps around to the right and across the Mitchell River and becomes Bulumwaal Rd. Approx 2.5 kms from the river, turn/veer left onto Wy Yung-Calulu Rd. Then follow the directions as per the Sydney paragraph above. Note that Boggy Creek Rd is almost exactly 10 kms along Wy Yung-Calulu Rd.

Driving from Lakes Entrance is similar to driving from Sydney but just with a slightly different approach – coming from Lakes Entrance head to Bairnsdale. As you get to East Bairnsdale at the United Petrol Station there is a roundabout. Turn RIGHT at this roundabout, and approximately 1 km along here you will get to Eastwood Road at another roundabout. Turn LEFT here and follow the remaining Sydney directions.
